Join the **Vision!**
Contribute Today
YOUR donation will....

Design a peaceful
park and picnic area

Keep local history alive

Preserve open space
at junction of two
important greenways

Provide a restful stop
for Airline Trail hikers
and bicyclists

Create easy access
to the Jeremy River
with riverside fishing

Commemorate the
many contributions
of the Norton family
to North Westchester
and Colchester

Norton Park

Norton Park will commemorate the history of the C.H. Norton Paper Mill from 1886 to 1966, North Westchester history and Colchester residents who worked there. It will also showcase the Jeremy River and the history of the dam, including the value it once provided and the benefits to the stream now that the dam has been removed. Atlantic Salmon and Sea Lamprey, long blocked from the upper river, are once again free to migrate up the Jeremy River to spawn. Norton Park will be a beautiful spot for picnics, fishing, studying history, relaxing after a hike on the Airline Trail and enjoying native flowers, shrubs and trees.
