**REQUEST FOR PROPOSALS #BA-123
ADDENDUM**

**HIGH SCHOOL
YEARBOOK SERVICES**

JANUARY 11, 2021

This addendum is correcting one small typo that was written in the Bacon Academy Request for Proposals #BA-123 for High School Yearbook services that was released on January 11th, 2021. In the "INTRODUCTION" statement, it states, "*Bacon Academy is seeking proposals from qualified companies to provide high school yearbook services and school picture services in accordance with this Request for Proposal.*" This statement is not accurate; Bacon Academy is only requesting proposals for high school yearbook services. We are **NOT** requesting proposals for school picture services. We have a current school picture provider which we are happy working with and have no desire to sever our agreement with them.

Everything else in the proposal is accurate. We will not be extending or changing any deadlines as a result of this addendum.
