Hi Sylvia,

Rachel Fuller, our department clerk, reached out to you and every interested applicant via email. This is evidenced in the image attached to this email. It should also be noted that Rosemary Coyle acknowledged a text she received stating that you had received cochlear implants that night and that might have been the reason why you couldn't have attended the meeting. This is evidenced at the 2:16:32 mark of the uploaded zoom meeting for that evening.

At the last BOS meeting, a discussion occurred over holding a special meeting Thursday, January 13th to interview all outstanding applicants (which included yourself). I publicly acknowledged that I would reach out to you at 2:08:42 for a future meeting. No invitations for that special meeting have been sent out to anyone because I want to solidify the timing of said meeting at tomorrow's BOS.

Sincerely,

Andreas Bisbikos

To the Board of Selectman

I applied for membership to CORE when the committee was first approved, yet I have never heard anything about my application other than the original acknowledgment of its receipt from the previous administration. I learned from a friend that interviews were held at the last BOS meeting but I was never notified, even though I am told my name was listed on the agenda for the meeting. How disappointing this is! I have to wonder if this omission has anything to do with the fact that I am married to the previous First Selectman!

I have lost interest given the lack of response. Please disregard my original application.
