

Town of Colchester
ARPA Recovery Funding Request Application

Directions: Please fill in all fields. Once completed, either print and drop off this application to the First Selectman's office located at 127 Norwich Ave, Colchester, CT 06415, or save a copy and email to ARPA@ColchesterCT.gov. If you have questions please email ARPA@ColchesterCT.gov. Please include any additional documentation you feel would help in the application process. Submit only one project per application (submit multiple applications if you have multiple projects).

Important: Applicant must demonstrate that the funding use directly addresses a negative economic impact of the COVID-19 public health emergency.

Applicant Background Information

Applicant Name:	Tiffany Quinn	Date Prepared:	4/11/22
Applicant email:	tquinn@colchesterct.gov	Applicant Phone:	(860) 537-7297
Department / Business / Establishment Name:	Colchester Parks and Recreation		

Project Details

Project Title:	Pickleball Courts	Anticipated Start Date:	April/May 2022
Total Funding Request Amount:	\$ 44,800	Anticipated Length of Time to Complete Project:	3 weeks
On a scale of 1 (Not Urgent) - 10 (Very Urgent), how urgent is this request? Please explain.	10- urgent Public requests and inquiries daily via phone, email and social media		

Project Description (How will the funds be used?)

Renovation of current skate park will accommodate 3 pickleball courts. Funding will include the repair, resurfacing, and painting of the park to comply with USA Pickleball Association standards. 4 benches will be installed outside the court to allow for a waiting and spectator area.

* The cost does not include fence repair or replacement. It is our hope that the fence will last another 10 years.

Justification (Please describe how your request addresses a negative impact to COVID-19.)

COVID-19 brought with it many negative impacts. Nationally, parks and recreation agencies are in the best position to address these resulting needs. We can address the needs of the Colchester community by increasing recreational opportunities that reduce stress, improve mental health, offer a feeling of connection to others in the community, improve physical health, and offer free outdoor, public access to local parks.

"Nearly all (93%) of U.S. adults say that activities offered by park and recreation professionals and their agencies are beneficial to their mental health" (NRPA Park Pulse)

Briefly explain the positive impact your project will have on the community.

The installation of 3 outdoor pickleball courts will bring a new recreational option to Colchester residents. While pickleball was once viewed as a sport for those 50+ years of age, it is now enjoyed by all ages. Colchester public schools offers pickleball in gym class, many of whom would like the opportunity to play outside of school. The proposed courts will be considered intergenerational as they appeal to many different age groups.

Describe the impact to your department / business / establishment if ARPA funds are NOT approved.

The community will not have public pickleball courts and the old skate park will continue to deteriorate.

**Budget Overview (How will the ARPA funding be spent?)
(If more room is needed, please attach additional spreadsheet)**

Re: Court Refurbishment Proposal

Dear Tiffany,

Thank you for considering Hinding Tennis for your recreational needs. It is our goal to provide you with the highest quality sport surfacing products and installation in the industry.

We at Hinding Tennis stand committed to excellence and it is our goal to provide you with the highest quality materials. As a current member of the American Sports Builders Association we are always up to date on the newest innovations and industry trends. Our goal is always to exceed your expectations and let the finished product speak for itself.

We know you have many options when choosing a sport-surfacing contractor, therefore we continually strive to provide the most competitive pricing without compromising the quality or workmanship.

All of us at Hinding Tennis thank you for the opportunity to provide you with this proposal and look forward to working with you in the future.

Sincerely,

Brent Boemmels

Brent Boemmels

www.HindingTennis.com

HINDING PROPOSAL

PROCEDURE TO BE AS FOLLOWS:

Furnish all materials, labor and insurance to perform the **HINDING TENNIS COURT CONVERSION** of Skatepark into (3) Pickleball courts. **PLEASE NOTE:** Town to remove 2 remaining ramps from Skatepark. No repairs to be done around fence post footings.

Specifications of Services to be Provided:

- 1. MOBILIZATION** - Mobilize the necessary equipment to perform the required work for your project as itemized be-low. This fee is associated with the work that is necessary to set up your job and organize the necessary equipment that is needed to load and mobilize to and from the job site each day.
- 2. FUEL SURCHARGE**- 1.5% fuel surcharge.
- 3. SURFACE CLEANING**- Using a "High Powered" Cleaning apparatus, Hinding Tennis will thoroughly clean your existing surface free of all algae, mold, dirt and any other foreign materials on your court. We use a Soft Wash solution to "Pre-Soak" your court and loosen and kill the vegetation on your court. Once that is completed, we thoroughly rinse and wash your court using a high pressure hot water system. There will be certain times where the surface cleaner will remove loose and deteriorated paint. We cannot determine at the time of inspection where and when this will happen, however if the material is loose under the coatings, you will want it removed for safety reasons. We can provide a separate quote to repair the affected areas after completion of the cleaning if this arises. We are not responsible for any plant material or vegetation around the court. However, we will "Pre-Soak" any and all plant material that you want protected from the area. It will be soaked with a treatment that will help protect the area. This is not your typical so-called "power washing" and if you are painting your court and decide to do it yourself or outsource it, we cannot guarantee the coatings.
- 4. MILLING**- Mill down high spots in pavement from existing ramps.
- 5. REPAIRS**- Repair pavement.
- 6. RITEWAY CRACK REPAIRS**- Install the Riteway Crack Repair System to 170 l.f. of cracks. The Riteway Crack Repair method is the only crack repair product on the market today that will keep cracks from returning year after year. Its microsealant technology allows existing cracks on your court to move without breaking the membrane of this system. Riteway Crack Repair will prevent cracks from being visible, however it will not stop new cracks from forming and spreading nor will it keep existing cracks from lengthening or widening.
- 7. NET POSTS**- Furnish and install 3 Sets of New Pickle ball net posts, footings and nets.
- 8. ACRYLIC COLOR COATING** - Furnish and install the (4) coat acrylic color coating surface system to entire area. The Hinding surfacing system consists of 2 Resurfacer Coats and 2 Coats of Color.
- 9. LINE STRIPING**- Layout and stripe all lines per USAPA. Apply one coat of acrylic Line primer. Once Line primer has cured apply One (1) coat of textured White Line Paint. This (2) two coat application provides sharp lines and greater durability and longevity. The line paint is textured.

Pricing as indicated below:

Total Cost: \$41,500.00

www.HindingTennis.com

YOU WANT TO MAKE ATHLETIC COURT IMPROVEMENTS, BUT NEED TO FIND THE BEST WAY TO DO IT.

Too often field buyers want our products, but assume they are required to conduct their own formal bid.

Hinding Tennis, LLC
Authorized Dealer Partner
Sourcewell Contract# 060518-AST

That results in several problems

Time and Money - It is common to spend hundreds of collective hours conducting your own formal bid. Considerable time and effort is required - doing market research, drafting specifications, advertising the bid, vetting bidders, conducting interviews and more. **Do you really have this kind of time?**

You might not even get what you want! There are multiple bid types (RFP, IFB, hard bid, line item bids, etc.) and depending on the type of bid you conduct, you may have little choice in your selection. Certain bid types result in general contractors selecting your turf for you. Then you're married to that manufacturer and installer for the next 8 years of the warranty - *and you didn't even get to choose!*

Price is important, but it shouldn't be the ONLY factor in your decision.

So is there a better way? **Yes!**

A growing contracting method is the cooperative purchasing model. There are many good co-ops that offer contract awards from which their members can benefit. The co-ops ensure that all responding Vendors are fully vetted before awarding the contract, which can then be "piggybacked" by public agencies across the country. This makes it easy to choose an awarded contract with the Vendor your agency prefers.

The co-op benefits are clear

It's easy - They've done the hard work for you. Just issue a purchase order referencing the co-op contract you choose, and we can hit the ground running.

It's free - Co-op membership is typically free and easy to join online.

It's legal - RFPs and IFBs are designed to comply with the state requirements and statutes on the front end to allow for maximum flexibility.

It's proven - Over the past 20 years, thousands of public institutions, including K-12, universities, municipalities and more, have trusted using cooperative contracts for their purchases. More and more agencies use cooperative contracts each year, for everything from purchasing office supplies and computers, to building a turf field or running track.

Best of all... Get the product you want from the Vendor you trust.

GET THE FIELD THAT YOU WANT!

AstroTurf Corporation products (including Rekortan tracks and Laykold court systems) are available through a variety of national and regional cooperative purchasing programs across the country.

PAYMENT SCHEDULE

STATE SALES TAX WILL BE CHARGED WHERE APPLICABLE. PAYMENT IS EXPECTED UPON TIMELY COMPLETION.

CREDIT CARD PAYMENTS WILL REQUIRE A 2% CREDIT CARD PROCESSING FEE.

Payment Schedule is to be as follows **unless otherwise specified on the contract:**

For jobs priced below a threshold of approximately \$3,000.00 (subject to vary):

100% "Full payment", plus applicable tax on total amount, due upon signing and remittance of forthcoming contract if this estimate is approved, before work can begin. Please be ready to include a payment along with a signed contract.

For jobs priced above a threshold of approximately \$3,000.00 (subject to vary):

1. 50% "Down payment", plus applicable tax on total amount, due upon signing and remittance of forthcoming contract if this estimate is approved, before work can begin. Please be ready to include a payment along with a signed contract.
2. 30% "Good faith payment", considered due the day we begin work on your project.
3. 20% "Remainder payment", considered due the day we end work on your project.

PLEASE NOTE: In the event that payment is not made as specified above, it is agreed that Hinding Tennis, LLC will receive interest at the prevailing wage rate unpaid balance, plus all the cost of collection, including a reasonable attorney's fee. In the event that payment is not made as specified, Hinding Tennis, LLC retains the right to halt works until past due payments are made. Above prices are submitted for approval within sixty days and after that time may be revised. We reserve the right to take before, during & after photos of your particular job & use photos for marketing purposes. We will never give out your name or street address without your consent.

ACCEPTANCE OF PROPOSAL: Please call the office (203-285-3055) or one of the owners directly if someone is not in touch with you shortly and you are intent on proceeding with the work as described. We will provide a contract for you to sign and remit with payment so that we may begin work.

ABOUT US

“Over the years, Hinding Tennis has helped make GRSC a community club with the best hard court surfaces inside and out, as well as junior lines and stand alone courts, outdoor lighting and pickleball courts. They are a great partner in the tennis business.”

— Sarah Boone, Owner, Guilford Racquet & Swim Club

Since **1994** the Team at Hinding Tennis, LLC has been building superior Recreational Courts for all types of surfaces. We specialize in Post Tension Concrete Courts and our patented Rubberized Cushion System is a very popular surface among many avid players.

Hinding prides itself on quality workmanship and retains over 90% of its work force each season; our crews are extremely knowledgeable and are some of the most experienced in the business.

From Har Tru to Post Tension Concrete to Tennis and Basketball Courts to Playgrounds and just about anything recreational, we offer only the best products and services. We are actively involved in the ASBA (American Sports Builders Association) and we are constantly on the cutting edge of new technology.

Our reputation speaks for itself and clubs, residential, parks, schools and municipalities count on us everyday.

We can customize any job to any size, any color and any speed. Our customer service and sales representatives are extremely knowledgeable of all types of surfaces, coatings and building new courts. So please call us today for a free analysis of your project.

BASKETBALL

Goalrilla Systems

No Other Basketball Hoop Compares

Goalrilla makes the toughest basketball training equipment on the planet. Push the limits of your body and don't worry about the limits of your basketball equipment. You get authentic hoops action for the home or the outdoor court with THE POWER TO CHANGE YOUR GAME™.

Hinding works with only the best manufacturers of basketball hoops including JayPro, Spalding, Produnk, Gared, Bison, and Gill Athletics.

DOMINATOR

The Best Basketball Hoop on the Planet.

The Dominator Hoop is a professional-grade, adjustable, in-ground basketball hoop designed specifically to bring the highest quality of sports to your home. The Dominator is perfect for your driveway, parking lot, or virtually any outdoor court. The state of the art height adjustment mechanism is hands down the Dominator's best feature. The Dominator adjusts telescopically using a very tight sliding mechanism vs. rotating pivot points. It's safe, reliable, simple to operate, and built to last.

RESURFACING

Court Resurfacing

Since 1994, Hinding Tennis has been building and resurfacing tennis courts throughout the United States and in the Caribbean. With headquarters located in West Haven, Connecticut, Hinding Tennis' major client concentration runs up and down the U.S. East Coast.

Resurfacing your tennis court is important in the overall maintenance, upkeep, playability and longevity of the court. Typically, a tennis court should be resurfaced every 4-7 years. This varies depending upon the surface, weather, amount of play, and preservation of the court. Hinding Tennis offers all types of coating and cushion systems and will give you several resurfacing options to keep your court performing at its highest level of playability.

Hinding Tennis resurfaces over 400 courts per year. We retain 90% of our professional workforce yearly, therefore we are not training new court technicians each season. Our quality of workmanship, professionalism and customer service is second to none. Examples of our projects include Chelsea Piers, Stamford CT; U.S. Coast Guard, New London CT; and Match Point Tennis, Brooklyn, NY.

SQUEEGEE MARKS

Differences in site, weather and soil conditions require variations in construction and repair methods and materials. Readers are advised to consult a qualified contractor or design professional before undertaking construction or repair of a court. Rev. 03/04

Acrylic color surfacing systems are generally applied with a squeegee in multiple coats. Most systems include one or more filler coats, followed by two to three coats of color. Some systems also include texture or cushion coats between the filler and the top coats.

There are several theories regarding the application of color coatings. In any case, coating systems must be applied smoothly to a uniform thickness over the entire court surface. This requires an experienced applicator and careful attention to the technique.

Even when color coatings are applied with care by a skilled operator, some squeegee marks and other slight variations in color and texture are inevitable. This is because the formulation of acrylic causes components to migrate to the edge of the material as it is being applied. As a result, an observer will be able to locate the spot where the acrylic material was poured on the surface, where the squeegee operator turned to make a pass in the opposite direction or where one pass overlapped another. Squeegee marks will be more visible on lighter colors and more common when coatings are applied in hot weather or when they include coarser sand. Humidity, angle of the sun when the acrylic is applied and other factors also may affect frequency and visibility of these marks.

Due to the nature of the material and the human element in tennis court construction, squeegee marks are likely to occur, like marks in newly vacuumed plush carpet or newly mown grass. They will not affect play and will become less visible as the court wears and ages.

While squeegee marks are within industry standard, more serious flaws – ridges, drips, tool marks, foot prints, bucket marks and areas of excess material - are unacceptable and should be corrected by the surfacing contractor.

Official 10 and Under Tennis Court Installer

BIRDBATHS

LOW SPOTS

“Birdbath” is a term commonly used in the tennis industry to describe a low area on a tennis court that holds water.

More precisely, the American Sports Builders Association (ASBA) defines a birdbath as any area where standing water more than 1/16" (2mm – commonly measured using a nickel) remains after drainage of the area has ceased or after one hour of drying at 70 degrees Fahrenheit in sunlight. Birdbaths delay play on the court after rain and may cause staining and/or peeling of the surface.

Among the causes of birdbaths are:

1. Unsuitable material in the subsoil;
2. Inadequate drainage around the tennis court;
3. Improper slope or grade;
4. Inadequate compaction of the subgrade; or
5. Paving error

Paving and surfacing, even with laser-guided equipment, involves both skill and judgment. The number of variables impacting the paving and surfacing processes makes it unreasonable to expect perfection. Minor depressions in the

surface, those less than 1/16" deep or those that drain or dry in under an hour, are considered within tolerance and are acceptable. In a new or recently resurfaced court, however, the contractor should correct birdbaths.

Because site selection, design and construction can involve compromise, even properly designed and constructed courts may develop birdbaths over time. Tennis courts sometimes are built on sites which are reclaimed or which have been deemed unsuitable for other purposes. In such cases, less than ideal subsoil, grade, or drainage conditions may exist. Additionally, over time, new circumstances may arise which lead to settling or drainage problems.

The owner's expectations regarding repair of birdbaths should be based on the nature of the birdbaths that exist to be repaired and the amount of money budgeted for the repair. Owners also should understand that available repair methods and materials are imperfect. Complete removal of standing water may be impossible. Generally the owner should accept that repair of the birdbaths is only a means of reducing the inconvenience they cause and extending the useful life of the court.

The number, size and depth of birdbaths is another consideration. The existence of multiple birdbaths or major depressions of 1/2" or more may indicate more serious problems. Repairing multiple or deeper birdbaths is labor intensive and often results in cosmetic imperfections, which may require resurfacing to correct. The larger the birdbath, the more difficult it can be to repair.

Differences in site, weather and soil conditions require variations in construction and repair methods and materials. Readers are advised to consult a qualified contractor or design professional before undertaking construction or repair of a court. Rev. 11/10

Official 10 and Under Tennis Court Installer

MAINTENANCE

Maintaining your court is one of the most important things you can do to preserve the longevity of its appearance. Like changing the oil in your car every 3,000 miles, properly cleaning and inspecting your court once a year is very critical.

To maximize the useful life of any type of court, we recommend that owners develop and implement a regular schedule of maintenance. Regular inspection and repair of minor irregularities is more cost effective than allowing the court to deteriorate to the point of requiring major repairs.

Our maintenance programs include servicing both All Weather and Har Tru Courts. For all weather courts, we recommend you pressure wash once a year, check for cracks, grease net post cranks, check mesh and tighten fence and install your net. Our Har Tru reconditioning includes removing all the dead material. Installing new Har Tru, grooming court, checking fence fabric and tightening, greasing net post cranks and installing your net.

Call us today to inspect your court and for a free non-obligational estimate.

Official 10 and Under Tennis Court Installer

WARRANTIES

Hinding Tennis stands behind their workmanship. All of our work comes standard with limited warranties. Below is list of the work that is guaranteed and what you can expect from us.

Riteway Crack Repair — This repair method is a more permanent repair. Its exclusive technology is state of the art - there is no other repair that has the long term effects as the Riteway System. We have seen this repair last for up to 10 years without cracks returning. We do guarantee the existing cracks for two (2) years. We cannot however guarantee against new cracks forming in a new location. *No Dead Spots, Hollow Sounds or Bubbles.*

Performance Court & Cushion Extreme — This repair method is the most recommended for the cost. This unique overlay system will cover the entire court and is guaranteed for 3 years. This system will cost you a bit more money than the Riteway Crack Repair, however, not only does this system guarantee the entire court, it offers a **“cushioned”** feel to the court, which is easier on the body/joints, and players often say they can play longer and feel better afterwards. The warranty does not cover any sub surface or drainage issues, unless we have built the court for you. If you want a guarantee for the entire court, this method is your best option.

Standard Color Coating, DecoTurf Cushion, New Court Construction — These particular installation methods are considered our **“standard”** methods. This workmanship comes with a 1 year warranty. The warranty covers any peeling, chipping or fading of the acrylic coatings. On new courts, we strongly recommend saw cuts in the asphalt. We cannot guarantee against cracks forming, however, we can guarantee that we will install the best possible base and drainage to help prevent from future cracking. Post Tension Concrete slabs is the only method that is guaranteed from cracking for up to 10 years.

Optional Crack Filling — This typically is a temporary quick crack fix and thus makes your courts safe and playable. There is **NO WARRANTY** on this workmanship. In fact, we can guarantee that the cracks we fill will most likely open up within 6 months to 1 year. *Other than price consideration, Hinding Tennis does not recommend this crack repair method.*

None of our warranties are covered by acts of god, excessive wind storms, vandalism or vehicular traffic. Trees and roots that may fall or enter onto the court are also not warranted. If the court is not properly maintained or serviced over the years, the warranty may be voided. The warranty does not cover drainage issues, sub surface issues or settling issues. Unless we have built the court new for you, we do not know how the court was originally constructed and thus it would be impossible for us to guarantee someone else's work.

When choosing your contractor, make sure you read through their warranty policy; many contractors offer up to 25-year warranties, however these warranties are only as good as the paper they are written on. Any warranty that is longer than 5 years is simply not possible and I can guarantee the contractor will find ways around it if you have an issue. At Hinding Tennis, we will do our best to work with you even when your warranty is no longer valid, because it is the Hinding Tennis reputation on the line.

Town of Colchester
ARPA Recovery Funding Request Application

Directions: Please fill in all fields. Once completed, either print and drop off this application to the First Selectman's office located at 127 Norwich Ave, Colchester, CT 06415, or save a copy and email to ARPA@ColchesterCT.gov. If you have questions please email ARPA@ColchesterCT.gov. Please include any additional documentation you feel would help in the application process. Submit only one project per application (submit multiple applications if you have multiple projects).

Important: Applicant must demonstrate that the funding use directly addresses a negative economic impact of the COVID-19 public health emergency.

Applicant Background Information

Applicant Name:	Tiffany Quinn	Date Prepared:	October 6, 2021
Applicant email:	tquinn@colchesterct.gov	Applicant Phone:	(860) 537-7295
Department / Business / Establishment Name:	Colchester Parks & Recreation		

Project Details

Project Title:	Pickleball Courts	Anticipated Start Date:	3/22 (possibly 11/21)
Total Funding Request Amount:	\$ 38,671	Anticipated Length of Time to Complete Project:	2 weeks
On a scale of 1 (Not Urgent) - 10 (Very Urgent), how urgent is this request? Please explain.	10-Public request and need for outdoor recreational opportunities, specifically pickleball, is the number 1 growing adult sport across the country. Requests from Colchester residents are received several times a week.		

Project Description (How will the funds be used?)

Renovation of current skatepark will accommodate 3 pickleball courts. Funding will include the repair, resurfacing, and painting of the park to comply with USA Pickleball Association standards.

4 benches will be installed outside the court to allow for a waiting and spectator area.

*This quote is based on receiving a signed contract or PO within 30 days. If delayed, a 15% contingency of the pickleball court cost should be added.

**The fence around the pickleball courts will need some repair or possible replacement. This quote has been requested and is expected soon. It will not delay the court work. The fence quote will include work on the tennis courts, splashpad, and ball fields as well.

Justification (Please describe how your request addresses a negative impact to COVID-19.)

COVID-19 brought with it many negative impacts. Nationally, parks and recreation agencies are in the best position to address these resulting needs. We can address the needs of the Colchester community by providing recreational opportunities that reduce stress, offering free outdoor activities and public access to parks, playgrounds, trails, fields, and more; improving mental health by providing activities such as exercise, time in nature, and time to socialize with friends and family.

"Nearly all (93%) of U.S. adults say that activities offered by park and recreation professionals and their agencies are beneficial to their mental health" (NRPA Park Pulse)uo

Briefly explain the positive impact your project will have on the community.

The installation of 3 new pickleball courts will bring a new recreational option to Colchester residents. While pickleball was once viewed as a sport for those 50+ years of age, it is now enjoyed by all ages. The sport is taught to middle school students at WJJMS, many of whom would like to continue to play, so the proposed courts will be considered as intergenerational use.

Describe the impact to your department / business / establishment if ARPA funds are NOT approved.

The community will not have public pickleball courts and the old skatepark area will continue to deteriorate.

**Budget Overview (How will the ARPA funding be spent?)
(If more room is needed, please attach additional spreadsheet)**

Re: Court Refurbishment Proposal

Dear Tiffany,

Thank you for considering Hinding Tennis for your recreational needs. It is our goal to provide you with the highest quality sport surfacing products and installation in the industry.

We at Hinding Tennis stand committed to excellence and it is our goal to provide you with the highest quality materials. As a current member of the American Sports Builders Association we are always up to date on the newest innovations and industry trends. Our goal is always to exceed your expectations and let the finished product speak for itself.

We know you have many options when choosing a sport-surfacing contractor, therefore we continually strive to provide the most competitive pricing without compromising the quality or workmanship.

All of us at Hinding Tennis thank you for the opportunity to provide you with this proposal and look forward to working with you in the future.

Sincerely,

Brent Boemmels

HINDING PROPOSAL

PROCEDURE TO BE AS FOLLOWS:

Furnish all materials, labor and insurance to perform the **HINDING TENNIS COURT CONVERSION** of Skatepark into (3) Pickleball courts. **PLEASE NOTE:** Town to remove 2 remaining ramps from Skatepark. No repairs to be done around fence post footings.

Specifications of Services to be Provided:

1. **MOBILIZATION** - Mobilize the necessary equipment to perform the required work for your project as itemized be-low. This fee is associated with the work that is necessary to set up your job and organize the necessary equipment that is needed to load and mobilize to and from the job site each day.
2. **FUEL SURCHARGE**- 1.5% fuel surcharge.
3. **SURFACE CLEANING**- Using a "High Powered" Cleaning apparatus, Hinding Tennis will thoroughly clean your existing surface free of all algae, mold, dirt and any other foreign materials on your court. We use a Soft Wash solution to "Pre-Soak" your court and loosen and kill the vegetation on your court. Once that is completed, we thoroughly rinse and wash your court using a high pressure hot water system. There will be certain times where the surface cleaner will remove loose and deteriorated paint. We cannot determine at the time of inspection where and when this will happen, however if the material is loose under the coatings, you will want it removed for safety reasons. We can provide a separate quote to repair the affected areas after completion of the cleaning if this arises. We are not responsible for any plant material or vegetation around the court. However, we will "Pre-Soak" any and all plant material that you want protected from the area. It will be soaked with a treatment that will help protect the area. This is not your typical so-called "power washing" and if you are painting your court and decide to do it yourself or outsource it, we cannot guarantee the coatings.
4. **MILLING**- Mill down high spots in pavement from existing ramps.
5. **REPAIRS**- Repair pavement.
6. **RITWAY CRACK REPAIRS**- Install the Riteway Crack Repair System to 170 l.f. of cracks. The Riteway Crack Repair method is the only crack repair product on the market today that will keep cracks from returning year after year. Its microsealant technology allows existing cracks on your court to move without breaking the membrane of this system. Riteway Crack Repair will prevent cracks from being visible, however it will not stop new cracks from forming and spreading nor will it keep existing cracks from lengthening or widening.
7. **NET POSTS**- Furnish and install 3 Sets of New Pickle ball net posts, footings and nets.
8. **ACRYLIC COLOR COATING** - Furnish and install the (4) coat acrylic color coating surface system to entire area. The Hinding surfacing system consists of 2 Resurfacer Coats and 2 Coats of Color.
9. **LINE STRIPING**- Layout and stripe all lines per USAPA. Apply one coat of acrylic Line primer. Once Line primer has cured apply One (1) coat of textured White Line Paint. This (2) two coat application provides sharp lines and greater durability and longevity. The line paint is textured.

Pricing as indicated below:

Mobilization	\$ 1,015.00
Fuel Surcharge	\$ 507.00
Surface Cleaning	\$ 1,799.00
Milling	\$ 650.00
Repairs	\$ 2,500.00
Riteway Crack Repairs	\$ 5,000.00
Net Posts	\$ 7,500.00
Color Coating	\$14,000.00
Line Striping	\$ 2,400.00

Total Cost: \$35,371.00

Pricing is valid until Spring 2022 with a Signed Contract or Purchase Order Received 30 days from the date of the Proposal

www.HindingTennis.com

YOU WANT TO MAKE ATHLETIC COURT IMPROVEMENTS, BUT NEED TO FIND THE BEST WAY TO DO IT.

Too often field buyers want our products, but assume they are required to conduct their own formal bid.

Hinding Tennis, LLC
Authorized Dealer Partner
Sourcewell Contract# 060518-AST

That results in several problems

Time and Money – It is common to spend hundreds of collective hours conducting your own formal bid. Considerable time and effort is required – doing market research, drafting specifications, advertising the bid, vetting bidders, conducting interviews and more. **Do you really have this kind of time?**

You might not even get what you want! There are multiple bid types (RFP, IFB, hard bid, line item bids, etc.) and depending on the type of bid you conduct, you may have little choice in your selection. Certain bid types result in general contractors selecting your turf for you. Then you're married to that manufacturer and installer for the next 8 years of the warranty – *and you didn't even get to choose!*

Price is important, but it shouldn't be the ONLY factor in your decision.

So is there a better way? **Yes!**

A growing contracting method is the cooperative purchasing model. There are many good co-ops that offer contract awards from which their members can benefit. The co-ops ensure that all responding Vendors are fully vetted before awarding the contract, which can then be "piggybacked" by public agencies across the country. This makes it easy to choose an awarded contract with the Vendor your agency prefers.

The co-op benefits are clear

It's easy – They've done the hard work for you. Just issue a purchase order referencing the co-op contract you choose, and we can hit the ground running.

It's free – Co-op membership is typically free and easy to join online.

It's legal – RFPs and IFBs are designed to comply with the state requirements and statutes on the front end to allow for maximum flexibility.

It's proven – Over the past 20 years, thousands of public institutions, including K-12, universities, municipalities and more, have trusted using cooperative contracts for their purchases. More and more agencies use cooperative contracts each year, for everything from purchasing office supplies and computers, to building a turf field or running track.

Best of all... Get the product you want from the Vendor you trust.

GET THE FIELD THAT YOU WANT!

AstroTurf Corporation products (including Rekortan tracks and Laykold court systems) are available through a variety of national and regional cooperative purchasing programs across the country.

RE: Hinding Tennis Courts
24 Spring Street
West Haven, CT 06516

To Whom it May Concern:

Hinding Tennis Courts is an authorized contractor partner of the AstroTurf Corporation with full access to both Sourcewell contract #060518-AST and AEPA-CREC contract #020-A, as named in both cooperative purchasing contracts awarded to AstroTurf Corporation.

Being an authorized partner allows Hinding Tennis Courts to directly market and sell discounted products and services to the members of Sourcewell and AEPA-CREC, and all other cooperative organizations for which AstroTurf has named Hinding Tennis Courts to be an authorized partner.

Please reach out with any questions at (480) 415-6300 or vstringham@astroturf.com.

This authorization letter is valid through December 31, 2021.

Sincerely,

Victoria Stringham

PAYMENT SCHEDULE

STATE SALES TAX WILL BE CHARGED WHERE APPLICABLE. PAYMENT IS EXPECTED UPON TIMELY COMPLETION.

CREDIT CARD PAYMENTS WILL REQUIRE A 2% CREDIT CARD PROCESSING FEE.

Payment Schedule is to be as follows **unless otherwise specified on the contract:**

For jobs priced below a threshold of approximately \$3,000.00 (subject to vary):

100% "Full payment", plus applicable tax on total amount, due upon signing and remittance of forthcoming contract if this estimate is approved, before work can begin. Please be ready to include a payment along with a signed contract.

For jobs priced above a threshold of approximately \$3,000.00 (subject to vary):

1. 50% "Down payment", plus applicable tax on total amount, due upon signing and remittance of forthcoming contract if this estimate is approved, before work can begin. Please be ready to include a payment along with a signed contract.
2. 30% "Good faith payment", considered due the day we begin work on your project.
3. 20% "Remainder payment", considered due the day we end work on your project.

PLEASE NOTE: In the event that payment is not made as specified above, it is agreed that Hinding Tennis, LLC will receive interest at the prevailing wage rate unpaid balance, plus all the cost of collection, including a reasonable attorney's fee. In the event that payment is not made as specified, Hinding Tennis, LLC retains the right to halt works until past due payments are made. Above prices are submitted for approval within sixty days and after that time may be revised. We reserve the right to take before, during & after photos of your particular job & use photos for marketing purposes. We will never give out your name or street address without your consent.

ACCEPTANCE OF PROPOSAL: Please call the office (203-285-3055) or one of the owners directly if someone is not in touch with you shortly and you are intent on proceeding with the work as described. We will provide a contract for you to sign and remit with payment so that we may begin work.
