**Cc:** First Selectman <selectman@colchesterct.gov>  
**Subject:** Please Support C3 - Collaborative for Colchester's Children

To the Colchester Board of Finance:

I am submitting this testimony in support of C3 as I will not be able to attend Zoom or physical meetings this 2022 budget season.

My husband and I moved to Colchester in 2007 before having children and without much idea what to look for in education, childcare or even child rearing! I had also just moved back to CT from Maryland and did not have much of an established social network. Fast forward 5 years and 3 kids later, I was neck deep in diapers and babies. Absolute mayhem physically and mentally, looking back I can't believe I survived it. One of the reasons I did survive it and maintain (some) sanity was C3. During the early childhood years C3 provided countless classes for myself and my children as well as avenues to explore and understand what Colchester had to offer. And friends! I was able to really establish the first true friendships I hold to this day.

As the years progressed, I was able to take part as a member of the C3 Parent Council which exposed me to so much of the inner workings of Colchester. These small New England towns are hard to break into but I finally felt a real vibe with the Colchester community. My children are older now, I have one headed to Bacon this fall, I can't believe it. But I'm still taking part in adult classes C3 provides, my family should be eternally grateful.

Overall I truly believe every town should have an organization like C3. It's a community builder, a support network, an education resource. We are so lucky to have all this in one organization right here in Colchester.

Thanks for your time,

Jondahl Koonankeil

Good morning,

Just checking to see if there are any reports for the BOF meeting tomorrow evening.

Thank you,

**Rachel Fuller**
