RE: Planning & Zoning Department Open Space Grant Application

The Colchester Planning and Zoning Department has identified a grant opportunity to leverage existing municipal open space funds to acquire 65 acres of vacant land, to be designated as open space. Acquiring open space land is a major goal identified in the Town's Open Space Plan and Plan of Conservation & Development.

The Connecticut Department of Energy and Environmental Protection (CT DEEP) announced it will be accepting applications for their Open Space & Watershed Lands Acquisition Grant Program (OSWA) through July 1, 2020. The program provides financial assistance to municipalities, non-profit land conservation organizations and water companies for acquisition of open space land or watershed protection.

The property chosen to be subject to this OSWA application was selected by a collaboration of the P&Z Department, the Open Space Advisory Committee and the Conservation Commission, as well as input from the Colchester Land Trust. The property is located on Middletown Road (Route 16) and was chosen due to a number of factors, including but certainly not limited to natural resource protection, location and availability.

On April 13, 2020, the P&Z Department commissioned Buckley Appraisal Services, to perform a "Yellow-Book" appraisal on the selected property. The appraisal indicated the property is valued at \$221,000. The property is currently listed for sale at \$225,000. The owners have agreed to sell the land to the town for \$221,000.

The P&Z Dept. is proposing to utilize \$60,000 from the Open Space Fee in Lieu and Land Acquisition accounts to use as a match for the grant. The amount of the grant application would be \$161,000.

Recommended Motion:

The Colchester Board of Selectmen endorses the submission of a grant application to the CT DEEP Open Space & Watershed Lands Acquisition program; if awarded the Town shall carry out all contractual requirements to utilize the awarded grant funds together with existing town open space funds, to complete the acquisition of 65 vacant acres on Route 16 known as 4W-09 Lot 013-000 and authorize the First Selectman to sign any and all documents necessary to submit the grant application.
