Are you capable of making the commitment of time necessary to serve on this Board or Commission? yes

Why are you interested in serving? I now have the time to put my knowledge and energy to good use. During the 6 years of teaching Food Science I developed the curriculum taught at Lyman Hall. Along with the science aspects of food, I also included material related to food awareness, food deserts, farm to table, careers in ag etc. Colchester has many farm gems where the farmers seem to be acting in singularity. Pulling this all together would make agriculture a much stronger and viable economic development here in town.

Do you have any experience or familiarity with this area? _____

Since the age of 12 when my father brought home some chickens to our suburban property, I have had agriculture in my blood. It has been more than 50 years since then, and although I have never been a legacy farmer, I have ALWAYS been a passion farmer.

If you are not appointed to this board or commission, would you be interested in other forms of public service?

Which ones? No
