Are you capable of making the commitment of time necessary to serve on this Board or Commission? Yes

Why are you interested in serving? I am very involved in our town currently through my involvement on the Economic Development Committee and Senior Center Building Committee. I heard of the openings on the Planning & Zoning Commission and thought that my skillset and 3 years of service on the EDC would prove beneficial to this group. I think Colchester is a great town and want to help make it even better for everyone to live, work, and retire here. I am also just looking to change things up a bit with my service to our town and thought that serving on the P&Z Commission would provide for a nice change of pace.

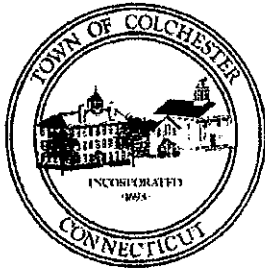

Do you have any experience or familiarity with this area? Yes, I think that my 3 years of service on the Economic Development Commission will be beneficial to the work this commission does. In addition, I have years of experience serving on other relevant Boards, Committees, and Organizations that have strengthened my knowledge and expertise in this area. Such as: Eversource Energy Advisory Committee, MetroHartford Alliance, Culture & Tourism Advisory Committee (CT), Marketing the Region Council (CT), Association of Science & Technology Centers (ASTC), CT River Valley Chamber, and I was also selected as a 40 Under Forty Honoree by the Hartford Business Journal in 2020.

**Why are you interested in serving?** I have lived in the wonderful Colchester for over thirty years and would love to see it grow and prosper into a more inviting and inclusive Community. I believe we are well on our way toward being an inclusive, caring community, however, there is always room for improvement and expansion. I would like to be an active part of that betterment.

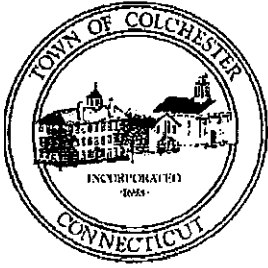

**Do you have any experience or familiarity with this area?** My work experience includes a company with 37 subsidiaries world wide. I never know what individual from which country I would be speaking to. People have different personalities, created by circumstance, culture and choice. I have volunteered with the Department of Veterans' Affairs for over 30 years. While volunteering at the Levitow skilled nursing home I have encountered individuals with strong biases, issues, & disabilities. I have learned to work with and improve each & everyone of their environments and hopefully enriched there lives.
