I have received petition forms to dedicate a room in the New Senior Center in honor of Cathy Russi. We have checked the names as valid electors and have more than enough names. As per our Naming Facilities Policy I am submitting them to you for consideration. The petition forms are attached.

Gayle Furman CCTC, CMC

Town Clerk
127 Norwich Avenue
Colchester, CT 06415
(860)537-7215

3.1 Naming Facilities/Areas and Recognition

Town facilities/areas shall be named after a person, family, organization, or commercial enterprise only under the following conditions:

- A significant investment in personal time or financial investment shall have been made to the facility/area or users of such facility/area; or
- When a significant financial contribution has been made to the Town and it specifies a specific name which must be honored if the donation is accepted and duly recorded in the Town records; or
- In general, when it is to honor a significant contribution to our state, town, or nation.
- In all instances, when an individual's name will be on a Town facility/ area it cannot be requested prior to the first anniversary of their nomination.

Town facilities/areas may also be named after historical locations, cultural significant locations, landmarks, and natural features significant to the Town of Colchester.

Sponsor groups should submit their request for the naming of a Town Facility/Area to the Town Clerk with a valid petition signed by 100 town electors. The Board of Selectmen will review a verified petition, evaluate the request as to its meeting the requirements (bulleted above) and determine whether to send to the voters at the next November election. If the ballot does not allow appropriate space for the question as determined by the Town Clerk, the BOS may vote to add the naming question to an upcoming referendum.

Each year on the November election ballot such petition requests will be put out to the voters for a decision.

The Board of Selectmen at their discretion, with a vote of eighty (80) percent of the Selectmen, may approve appropriate plaques, dedication of trees or other forms of recognition to accommodate and recognize groups and people that make significant contributions even though the facility or areas will not be named after them.

APPROVED 06/15/23

APPROVED 08/17/1995
