Colchester Hayward Fire Department			

Project Details

Project Name	New Apparatus Equipment	Start Date	6/1/2022
2022 Funding Request	\$ 184,500	Anticipated Completion Date	Complete Project
Project Description	8 - While this equipment is not needed immediately it will all need to be acquired prior to the arrival of the new fire apparatus in 2022.		

These funds will be used to purchase all of the portable equipment for the new fire apparatus. This equipment includes two (2) sets of battery powered extrication equipment that would have possibly made a difference at the recent accident that took the lives of two young residents.

10-29-21A11:23 RCVD

Due to the Covid-19 pandemic, funds for public safety equipment normally purchased through Capital Improvement funding have been limited in order to reduce the financial impact on our citizens. While the limiting of those funds has enabled the town to reduce overall spending the needs of the fire department keep increasing due to continuing community development. This request for funding will be used to replace aging equipment without having to use what is anticipated to be limited capital improvement funds in the foreseeable future.

Colchester Fire Department		NEW APPARATUS	Equipment List	
Qty	Description	Per unit	Total cost	
10	Kocheck KS3 wrenches	\$17.00	\$170.00	
5	Kocheck (KS34) holders includes Set of (4) KS3 wrenches.	\$98.50	\$492.50
