Subject: POINT OF ORDER

Dear Chairman Tarlov,

In the BOF meeting of 8/25/21, a member of the BOF and an ex-officio member of the BOF called a "point of order" in the meeting and continued to disparage my citizens comments.

It should be noted that a point of order needs to be formally recognized by the Chairman of the Board. Members can not continue to speak unless the Chairman asks the member to clarify the point of order made. No other comments or opinions by the board members are permissible. The Point of Order can not be amended. The Chairman then makes a decision on the Point of Order. It is not debatable by the members of the board. It can't be reconsidered if the members do not agree with the Chairman's decision.

The wanton disregard of the established meeting rules and the continued belittling comments made by some members and the ex-officio member of your board, to citizens during BOF meetings should not be tolerated.

A point of order

- Can interrupt a speaker who has the floor.
- Doesn't need to be seconded.
- Isn't debatable.
- Can't be amended.
- Is decided by the chair.
- Can't be reconsidered

Thank you
Deanna Bouchard
