Notes:

- We are showing a slightly lower collection rate from last year – the office had some computer issues the last week and as a result we were not able to process payments until August when everything was resolved.
- With the rule of only having one customer in the office at time we had long lines - we would like to thank everyone for their cooperation
- The office has 42 deferral applications - we are now starting to see payments coming in on these accounts.
- All past due accounts are now automatically on the low interest rate program. We are encouraging everyone to pay what they can either weekly or monthly to take advantage of this program. If anyone has any questions please contact me so that we can talk thru some options.
- The office is working on Delinquent Statements which are expected to be mailed by Friday August 14th. Demand Notices will be mail out in September.
