Colchester Conservation Commission

G. OLD BUSINESS- None

H. NEW BUSINESS - None

I. ENFORCEMENT- None

J. CONSERVATION –

- a. 548 Lebanon Avenue – Request for work within Conservation Easement. Property owner did some clearing within the marked Conservation Easement. The town received a call from someone who witnessed the changes. Wetlands Agent J. Gigliotti observed the site and contacted the owner. He is requesting permission to relocate some grape vines from their current location to new spots near the stone wall along the road. Most of the work proposed by the applicant is within the wetlands on the property. The commission chose to table the discussion until the property owner can be reached for clarification on questions about plant species and the process he plans to use to relocate the grape plants, as machinery is not allowed with in the easement.
