Colchester Conservation Commission

Permit Application Policy

The Town of Colchester Conservation Commission (Commission) hereby requires all persons submitting permit applications to be considered by the Commission to be completed in full upon submittal to the Wetlands Enforcement Officer.

In order to ensure compliance with this policy each applicant must submit a completed application checklist and a signed Certification of Completeness. The steps outlined below will be followed upon submittal of applications:

1) Application, with completed checklist and Certification of Completeness, is submitted to the Planning and Zoning Department and forwarded to the Wetlands Enforcement Officer for review to determine completeness.

2) Applications will be placed on the agenda for the next regularly scheduled Commission meeting. If the application is deemed incomplete, the review by the Wetlands Enforcement Officer will note the deficient items. The Commission may deny the application for the reason that it is incomplete.

Pursuant to section 22a-39(m) of the General Statutes of Connecticut and section 22a-39-14 of the Regulations of Connecticut State Agencies, inland wetlands agencies must complete the Statewide Inland Wetlands & Watercourses Activity Reporting Form for each action taken by such agency.

This form may be made part of a municipality's inland wetlands application package. If the municipality chooses to do this, it is recommended that a copy of the Town and Quadrangle Index of Connecticut and a copy of the municipality's subregional drainage basin map be included in the package as well.

Please remember, the inland wetlands agency is responsible for ensuring that the information provided is accurate and that it reflects the final action of the agency. Incomplete or incomprehensible forms will be mailed back to the agency. Instructions for completing the form are located on the following page.

The inland wetlands agency shall mail completed forms for actions taken during a calendar month no later than the 15th day of the following month to the Department of Environmental Protection (DEP). Do not mail this cover page or the instruction page. Please detach and mail only the completed green reporting form to:

Wetlands Management Section
Inland Water Resources Division
Department of Environmental Protection
79 Elm Street
Hartford, CT 06106

Questions may be directed to the DEP's Wetlands Management Section at (860) 424-3019.

INSTRUCTIONS FOR COMPLETING
THE STATEWIDE INLAND WETLANDS & WATERCOURSES ACTIVITY REPORTING FORM

Use a separate form to report each action taken by the Agency. Complete the form as described below.

PART I: To Be Completed By The Inland Wetlands Agency Only

1. Enter the year and month the Inland Wetlands Agency took the action being reported.

2. Circle ONE code letter to describe the final action or decision taken by the Inland Wetlands Agency. Do not submit a reporting form for withdrawn applications. Do not enter multiple code letters (for example: if an enforcement notice was given and subsequent permit issued - two forms for the two separate actions are to be completed).
   - A = A Permit Granted by the Inland Wetlands Agency (not including map amendments, see code D below)
   - B = Any Permit Denied by the Inland Wetlands Agency
   - C = A Permit Renewed or Amended by the Inland Wetlands Agency
   - D = A Map Amendment to the Official Town Wetlands Map - or - An Approved/Permitted Wetland or Watercourse Boundary Amendment to a Project Site Map
   - E = An Enforcement Notice of Violation, Order, Court Injunction, or Court Fines
   - F = A Jurisdictional Ruling by the Inland Wetlands Agency (i.e.: activities "permitted as of right" or activities considered non-regulated)
   - G = An Agent Approval pursuant to CGS 22a-42a(c)(2)
   - H = An Appeal of Agent Approval Pursuant to 22a-42a(c)(2)

3. Check "Yes" if a public hearing was held in regards to the action taken; otherwise check "No".

4. Enter the name of the Inland Wetlands Agency official verifying that the information provided on this form is accurate and that it reflects the FINAL action of the agency.

PART II: To Be Completed By The Inland Wetlands Agency Or The Applicant - If Part II is completed by the applicant, the applicant must return the form to the Inland Wetlands Agency. The Inland Wetlands Agency must ensure that the information provided is accurate and that it reflects the FINAL action of the agency.

5. Enter the name of the municipality for which the Inland Wetlands Agency has jurisdiction and in which the action/project/activity is occurring.
   Check "Yes" if the action/project/activity crosses municipal boundaries and enter the name(s) of the other municipality(ies) where indicated. Check "No" if it does not cross municipal boundaries.

6. Enter the USGS Quad Map name and number (1 through 115) as found on the Connecticut Town and Quadrangle Index Map (the directory to all USGS Quad Maps) that contains the location of the action/project/activity. See reverse side of the reporting form for the Connecticut Town and Quadrangle Index Map.
   ALSO enter the four-digit identification number of the corresponding Subregional Drainage Basin in which the action/project/activity is located. If the action/project/activity is located in more than one subregional drainage basin, enter the number of the basin in which the majority of the action/project/activity is located. A town subregional drainage basin map has been mailed to all Municipal Inland Wetlands Agencies. Further, a table to subregional drainage basin names and numbers is provided at: http://ct.gov/dep/cwp/view.asp?a=2698&q=323038&depNav_GID=1707.

7. Enter the name of the individual applying for, petitioning, or receiving the action.

8. Enter the name and address or location of the action/project/activity site. Also provide a brief description of the action/project/activity. Include in the description if the action/project/activity is TEMPORARY or PERMANENT in nature.
9. CAREFULLY REVIEW the list below and enter ONE code letter which best characterizes the action/project/activity. All state agency projects must code "N".

- A = Residential Improvement by Homeowner
- B = New Residential Development for Single Family Units
- C = New Residential Development for Multi-Family / Condos
- D = Commercial / Industrial Uses
- E = Municipal Project
- F = Utility Company Project
- G = Agriculture, Forestry or Conservation
- H = Wetland Restoration, Enhancement, Creation
- I = Storm Water / Flood Control
- J = Erosion / Sedimentation Control
- K = Recreation / Boating / Navigation
- L = Routine Maintenance
- M = Map Amendment
- N = State Agency Project
- P = Other (this code includes the approval of concept plans with no-on-the-ground work)

10. Enter between one and four codes to best characterize the project or activity being reported. Enter "NA" if this form is being completed for the action of map amendment. You must provide code 12 if the activity is located in an established upland review area (buffer, setback). You must provide code 14 if the activity is located BEYOND the established upland review area (buffer, setback) or NO established upland review area (buffer, setback) exists.

- 1 = Filling
- 2 = Excavation
- 3 = Land Clearing / Grubbing (no other activity)
- 4 = Stream Channelization
- 5 = Stream Stabilization (includes lakeshore stabilization)
- 6 = Stream Clearance (removal of debris only)
- 7 = Culverting (not for roadways)
- 8 = Underground Utilities (no other activities)
- 9 = Roadway / Driveway Construction
- 10 = Drainage Improvements
- 11 = Pond, Lake Dredging / Dam Construction
- 12 = Activity in an Established Upland Review Area
- 13 = Flood Control
- 14 = Activity in Upland

Examples: Jurisdictional ruling allowing construction of a parking lot in an upland where the municipality does not have an established upland review area must use code 14, other possible codes are 2 and 10. Permitted construction of a free standing garage (residential improvement by homeowner) partially in an established upland review area with the remainder in the upland must use code 12 and 14, other possible codes are 1 and 2. Permitted dredging of a pond must use code 11, other possible codes are 12 and 5.

11. Leave blank for TEMPORARY alterations but please indicate action/project/activity is temporary under question #8 on the form (description). For PERMANENT alterations, enter in acres the area of wetland soils or watercourses altered. Include areas that are permanently altered, or are proposed to be, for all agency permits, denials, amendments, and enforcement actions. For those activities that involve filling or dredging of lakes, ponds or similar open water bodies enter the acres filled or dredged under "open water body". For those activities that involve directly altering a linear reach of a brook, river, lakeshore or similar linear watercourse, enter the total linear feet altered under "stream". Remember that these figures represent only the acreage altered not the total acreage of wetlands or watercourses on the site. You MUST provide all information in ACRES (or linear feet as indicated) including those areas less than one acre. To convert from square feet to acres, divide square feet by the number 43,560. Enter zero if there is no alteration.

12. Enter in acres the area of upland altered as a result of an ACTIVITY REGULATED BY the inland wetlands agency, or as a result of an AGENT APPROVAL pursuant to 22a-42a(c)(2). Leave blank for TEMPORARY alterations but please indicate action/project/activity is temporary under question #8 on the form (description). Include areas that are permanently altered, or proposed to be permanently altered, for all agency permits, denials, amendments, and enforcement actions. Inland wetlands agencies may have established an upland review area (also known as a buffer or setback) in which activities are regulated. Agencies may also regulate activities beyond these established areas. You MUST provide all information in ACRES including those areas less than one acre. To convert from square feet to acres, divide square feet by the number 43,560. Enter zero if there is no alteration. Remember that these figures represent only the upland acreage altered as a result of an activity regulated by the Inland wetlands agency, or as a result of an agent approval.

13. Enter the acres that are, or are proposed to be, restored, enhanced or created for all agency permits, denials, amendments, and enforcement actions. NOTE restored or enhanced applies to previously existing wetlands or watercourses. Created applies to a non-wetland or non-watercourse area which is converted into wetlands or watercourses (question #10 must provide 12 and/or 14 as an answer, and question #12 must also be answered). You MUST provide all information in ACRES including those areas less than one acre. To convert from square feet to acres, divide square feet by the number 43,560. Enter zero if there is no restoration, enhancement or creation.

PART III: To Be Completed By The DEP - Please leave this area blank. Incomplete or incomprehensible forms will be mailed back to the inland wetlands agency.
